

## Vintage Steam Train

Powered by Engine #14 a Baldwin 2-8-0 Consolidation steam locomotive, was originally built for the Duluth & Northeastern RR in 1913. It was purchased by Fillmore & Western in December of 1999 from the Dodge City RR in Dodge City, Kansas and was fully restored and ran for the first time on December 5, 2010.

## Santa Clara River Valley Railroad Historical Society

### Mission Statement

The Santa Clara River Valley Railroad Historical Society was established in 1993 to assist in the preservation and restoration of the railroad corridor between Montalvo and Saugus, California. This railroad corridor, commonly referred to as the Southern Pacific's Santa Paula Branch, is a unique and historic asset to the residents of the Santa Clara River Valley and the surrounding area. To maximize the economic, educational, and recreational value of this asset, the Organization will acquire, preserve, exhibit, and operate historic railroad equipment; in addition, it will collect, preserve and display artifacts, photographs and operational documents unique to the region.
